

# THE JERRY BEHRENS FOUNDATION

*“Our objective is to provide assistance to Natrona County or Wyoming veterans/active duty military or first responders and their immediate families who are in need of financial assistance in times of medical or personal crisis.”*

## ABOUT THE FOUNDATION

The doctors and staff at Casper Orthopedics, in recognition of Dr. Behrens' lifelong achievements and to carry forth his commitment to community service, have established the Jerry Behrens Foundation to serve military, law enforcement, and fire & rescue personnel. Casper Orthopedics will be funding the administrative cost of services so that all financial contributions to the Foundation will go directly toward assisting veterans, active duty military, first responders and their immediate families who are in need of financial assistance.

## FOUNDATION UPDATES

The Lander Volunteer Fire Department Pipe Band performed at Beartrap this year and raised \$1200 for the Nixon David Scholarship for youth piping and Scottish drumming.

The annual Christmas concert held at Casper College Wheeler Auditorium raised \$1500 for the JBF scholarship. The Jerry Behrens Foundation provides scholarships for students who must be either a first responder, a veteran, or an active military service member taking at least six credits and maintaining a minimum of a 2.0 GPA.

Senator John Barrasso enjoyed the concert with a special appearance of Santa Claus. Eight volunteers from Casper Orthopedic Associates helped set up the event and holiday snacks were provided by Summit Medical Center.

**Save the date** for the 2022 concert to be held at Casper College on December 17.

The Jerry Behrens Foundation application is now included whenever the Local Assistance State Team (LAST) program is activated.
